The City of Wheaton, Illinois to Implement Municipal Software's CityView® System

Municipal Software Corporation, a leading developer of local government business process automation software and a wholly owned subsidiary of Municipal Solutions Group, Inc. (CDNX: MSM), announced today that the City of Wheaton, IL has purchased CityView® to automate their permits and licensing functions. The project is valued at about \$88,465 US.

The comprehensive and integrated system will provide the City with the ability to automate its Building Department functions and fully integrate them with their ESRI ArcView GIS mapping data.

The City will be using MS SQL Server as its CityView database.

The City of Wheaton is located about 23 miles west of Chicago. It was founded in 1837 and currently has a population of about 50,000.

Rob Bennett, President of Municipal Software commented, "We are pleased to have the City of Wheaton as a CityView client. Wheaton joins a growing list of clients in Illinois and the mid-west. We are looking forward to a successful implementation and hope the City will expand its use of CityView into other areas once they see the true benefit of CityView for their Building Department."
