CityView® Building and Inspection System finds a Home in the City of Goldsboro, North Carolina

VICTORIA—Municipal Software Corporation, a leading developer of local government business process automation software and a wholly owned subsidiary of Municipal Solutions Group, Inc. (CDNX: MSM), announced today that the City of Goldsboro, North Carolina purchased CityView to automate their Building and Inspections processes. The project is valued at \$43,393 US.

CityView is a fully integrated suite of software products that assists municipal administrators and managers with scalable technology solutions for increasing municipal government productivity in order to service citizens and communities more efficiently and effectively. The Best Practices modules purchased by the Town of Goldsboro will allow them to automate business processes in building and code inspections. Time-consuming paperwork will be replaced by efficient, custom made and easy-to-use computer forms.

Rob Bennett, President of Municipal Software commented, "It is great to welcome Goldsboro on board. We are proud that Goldsboro has the confidence in our product and we look forward to a long term relationship with them."

The town of Goldsboro was rated the 6th Best Place to Live in the USA by *Money* magazine in 1993 and is the 15th largest city in North Carolina. It is home to Seymour Johnson Air Force Base and the 'local wonder' of the Cliffs of Neuse State Park are just minutes away.

Municipal Software Corporation offers CityView 8.NET, powerful automation software that is designed specifically for local government and easily converts paper systems and business processes into a computerized system without costly and time-consuming programming. CityView 8.NET enables E-government. It allows government to automate any business process internally and offer it over an Intranet or the Web with the click of a button.
