## **Municipal Solutions 2004 AGM Announcements**

**Victoria, British Columbia, June 7, 2004** – Municipal Solutions Group, Inc. (“Municipal Solutions”) (TSX Venture: MSM), a provider of government enterprise solutions, held its Annual General Meeting (AGM) on Friday, June 4<sup>th</sup>. All resolutions proposed by management were approved.

Following the formal portion of the AGM, Mr. Robert Bennett, President and CEO for the company, provided a presentation to all shareholders and guests in attendance. During the presentation, there were two new large developments announced. The first one entailed the fact that Municipal Solutions Group (and its wholly owned subsidiary Municipal Software Corporation) has made Profit Magazine’s top 200 companies for the fourth year in a row, placing 170th as a result of its 5-year revenue growth. In addition, Mr. Bennett announced that the City of Miami, FL has entered into a contract with Municipal Software worth C\$1.1M to use CityView for its Enterprise Land Management systems. This is the largest contract Municipal Software has been awarded to date. He pointed out that this was the third time in the last six months that the company has negotiated a contract that was larger than the previous largest project, the other two being Charlotte, NC and San Mateo, CA.

### **About CityView**

CityView Enterprise is a true enterprise solution that integrates functions across an organization, enables e-government and provides a foundation for Homeland Security initiatives. CityView Enterprise helps government automate business processes such as Building, Planning, Code Enforcement, Business Licensing, Public Works, Emergency Management and more. Award-winning CityView integrates with existing systems, including financials, other departmental automation software, document management, IVR, cashiering, field data collection and GIS. With clients in 30 states and five provinces, and in business for over 20 years, Municipal Software Corporation is the one-stop provider of everything government needs for an enterprise solution, including the software, the training, the services and the post-purchase support. Perhaps most importantly, CityView allows local governments to build their enterprise systems one application at a time, without breaking their budget.

### **About Municipal Software Corporation**

Municipal Software Corporation ([www.MunicipalSoftware.com](http://www.MunicipalSoftware.com)) is the 2002 gold medal worldwide winner in the Packaged Application Category for the Microsoft Certified Partner Awards. The company provides CityView Enterprise, a true enterprise solution that integrates functions across an organization and enables e-government.

CityView Enterprise incorporates Microsoft’s .net technology. The incorporation of Microsoft’s .net technology allows CityView to take any form and report and save it as an .ASPX page that maintains the full functionality of the desktop form and allows it to be accessed through the Web. The .net technology allows Municipal Software Corporation to provide their users with a fully functional browser interface. CityView Enterprise also incorporates ESRI’s MapObjects to allow direct links to mapping data so users can deploy maps with their Web forms and reports by using ESRI’s ArcIMS. CityView Enterprise automatically completes the entire configuration necessary to make this work.

### **About Municipal Solutions Group Inc.**

Municipal Solutions Group Inc. ([www.MunicipalSolutionsInc.com](http://www.MunicipalSolutionsInc.com)) was formed in January 2002 as the public financing arm for Municipal Software Corporation, to provide the overall strategic leadership and guidance for Municipal Software and to build comprehensive solutions for local government on a global basis.
