THE TOWN OF WEST HARTFORD CHOOSES CITYVIEW PREBUILTS FROM MUNICIPAL SOFTWARE TO REPLACE THEIR BUILDING PERMITTING SYSTEM

Victoria, BC, December 7, 2006 – Municipal Software announced today that the Town of West Hartford, CT became the fifth client in the State to choose CityView Prebuilts™ products.

Municipal Software will replace their current systems with CityView PreBuilt software solutions, including Property Information, Permits & Inspections, and Cashiering. Municipal Software will also provide all related implementation services, including project management, and training.

“The CityView solution from Municipal Software met the functional and customer service needs of the Town through integration functionality and Internet access on a 24/7 basis for our customer to schedule inspections and request permits”, said Chris Johnson, the Director of Financial Services. He added: “The CityView Application Builder will allow the Town to be self-sufficient in maintaining and expanding the capabilities of the solution”.

Building on a theme of enabling their staff, the Town will also be exploring how to best leverage CityView’s Smart Client technology by providing inspectors with field devices. The new system will considerably improve the sharing of information, and simplify the data entry process.

“We are very pleased to welcome West Hartford to our growing group of clients in New England”, said Iain McLean, CEO of Municipal Software. He added, “CityView will help the Town serve citizens more effectively. Using this product will enable them to modify their application as they grow and save taxpayer money”.
