**DENNIS ASBURY JOINS MUNICIPAL SOFTWARE'S EXECUTIVE TEAM AS VICE  
PRESIDENT OF SALES**

Victoria, B.C., March 6, 2007 — Municipal Software (TSX:V:MSZ) is pleased to announce the addition of Dennis Asbury to the Executive Team as Vice President of Sales.

Mr Asbury comes to Municipal Software with extensive experience in companies with a high rate of both organic and acquired growth and a core understanding of the needs of local government. Most recently as VP Sales & Marketing at Harris Computer Systems, he was a member of an executive team that saw annual company growth of not less than 35% in the past five years. Prior to joining Harris, Dennis held the position of VP, Operations with Cayenta Corporation.

“We are delighted that Dennis has joined Municipal Software,” said Iain McLean, Chief Executive Officer with Municipal Software, “He brings both a wealth of experience in our market and a proven track record of sales management in enterprise software using direct and inside sales forces to the company. Dennis will lead the sales activities for our On Premises offerings such as CityView PreBUILTS™ as well as for our On Demand offering called Local Government Manager™.”

“Municipal Software provides powerful, flexible and easy to use solutions that help local governments address the pressures of increased demand for services within limited budgets,” said Dennis Asbury. “I look forward to continuing to work with local governments to build our position as leaders in the field and enhance our reputation as a ‘user friendly’ company.”

Mr Asbury has over 15 years experience in the technology sector and has sat on the advisory boards of HP Canada, IBM Canada and Compaq Canada

## **About Municipal Software Corporation**

Municipal Software Corporation (TSX-V:MSZ) provides easily installed, packaged software solutions that manage the everyday business processes of local governments. The solutions are based on 24 years of experience with a product platform that easily adapts to the changing practices of clients. Branded under the CityView name, the company provides a number of out of the box solutions automating practices in Property Information, Permits and Inspections, Planning, Code Enforcement, Licensing and Cashiering. The company recently launched a suite of Software as a Service (SaaS) applications under the Local Government Manager name (available through the Application Exchange of Salesforce.com) for jurisdictions looking for the convenience and cost effectiveness of a hosted product application. Municipal Software offers a complete range of services from training and customer support of its suite of products to custom development for unique applications.
