## **BRIDGEPORT CHOOSES CITYVIEW PREBUILTS FROM MUNICIPAL SOFTWARE TO IMPROVE PERMIT MANAGEMENT PROCESSES**

**Victoria, B.C., January 8, 2007** — Municipal Software (TSX-V:MSZ) announced today that Bridgeport, CT has purchased the CityView PreBuilt™ software solutions including Property Information, Permits & Inspections, Code Enforcement, Planning, Cashiering and all related implementation services and training. Bridgeport becomes the sixth client in Connecticut for the company.

The project will be completed in two phases. The first phase will involve a detailed analysis of the City's network infrastructure, along with a detailed analysis of the City's current business process and how they might be streamlined using the CityView PreBUILTS. Following the initial analysis the second phase will commence to fully implement and train City staff on the new solution.

According to John M. Fabrizi, Mayor of Bridgeport, "The City is committed to improving its permit management process. Our goal is to consolidate information into CityView that will be more easily accessible to users and to allow for in-house maintenance and updates."

Iain McLean, CEO of Municipal Software said, "The purchase of CityView enables the City of Bridgeport to centralize information collection and management relating to the permit process, and facilitate greater access to permit information for appropriate City staff and applicants. Our client base in the State is innovative and committed to improving the services offered to their constituents."

Bridgeport, CT has a population of about 139,000. The City issues over 2,500 building permits and close to 1,000 public facilities permits a year.
